If you need additional space, use the back of this page.

1. Which tool or tactic did you select?

2. What is the instructional objective of the lesson that you will teach using this tool?

3. Describe how you anticipate using the tool in the context of your lesson (instruction, activities, assignments, or assessments).

4. When using the tool, what challenges do you anticipate encountering?

Second Assessment Component: When you are finished, remember to turn in these pages to your Principal by October 1, 2008.

1. Identify an idea about teaching from the *Makes Sense* software that is new to you and potentially useful. Briefly describe the idea.

2. In what ways is this idea similar or different from what you already knew about teaching?

3. Why do you think this idea is important to consider when teaching?

4. Identify an idea or teaching tool found in the *Makes Sense* software that you would probably not use and explain why.
