

E-6 SAFETY INSPECTIONS

As a part of a comprehensive safety and loss control program, the Board requires that all school owned property be inspected for potential safety hazards at least once per semester. These inspections shall be conducted by the person responsible for managing the site. Principals are responsible for their respective schools.

A written report of each safety inspection shall be submitted to the Superintendent or his/her designee. Hazardous conditions identified within the inspection report should receive immediate attention from the maintenance or other appropriate staff in order to prevent injury to persons and/or loss or damage of property.
