

## **F-3 NAMING OF FACILTITES**

The Board shall have the authority to name facilities in the school system, as it deems appropriate. It continues to be the practice of the Opelika City Schools Board of Education to refrain from naming facilities in honor or memory of individuals.

In selecting a name, special consideration will be given to those names that will have special meaning to students and citizens and will enhance the educational and professional aspirations and goals of the programs, personnel and students of the facility.

The following will be used as guidelines in the selection of names of school facilities:

- Street on which the facility is located
- Community in which the facility is located
- Special goals for the facility
- Such other designation as may be appropriate

**ADOPTED: May 11, 2004**

**LEGAL REF: Code of Alabama 16-11-12; 16-12-7**
