

G-18 TEACHER CONTRACTS

On completion of personnel files, initial employment contracts are issued to new teachers. Contracted personnel should read and understand each of the items

on the contract as the Board will fulfill its commitments and expects employees to do likewise. A contract is offered each year thereafter, upon recommendation of the Superintendent. When teachers have taught three (3) consecutive years and are employed for the following year, they are placed on continuing service status.

ADOPTED: May 11, 2004
