

K-7 SCHOOL VISITORS

It is the policy of the Board to have all school visitors report to the principal's office upon entering a school building. All visitors to any school shall certify with the principal or designee who they are and their purpose for being in said school and receive approval from the principal or designee to visit any activity within the building or grounds. School officials, parents of school children and other visitors shall be welcomed in a cordial manner.

Conduct by any visitor that creates interference with maintaining a proper atmosphere for learning shall not be permitted. Principals shall be authorized to take necessary actions to eliminate such interference.
